IMPORTANT SAFETY RECALL NOTICE

July 15, 2008

Dear Customer,

The U.S. Consumer Product Safety Commission (CPSC) has issued the enclosed voluntary recall alert involving **Weil-McLain CGs and CGi gas-fired boilers** used for space heating.

The following Weil-McLain boiler model names and serial numbers are included in the recall:

| <u>Model Name</u> | <u>Serial Numbers</u> |
|------------------------------|------------------------------------|
| CGs-3, CGs-4, CGs-5, CGs-6 | from CP 5071501 through CP 5694976 |
| CGi-3, CGi-5, CGi-6 Series 2 | from CP 4134351 through CP 5698635 |

The model name and serial number of your boiler are located on separate labels on the outside of the left panel.

You should immediately check your Weil-McLain boiler to determine if the model name and serial number of your boiler are included in this recall. If your boiler is part of this recall then you should stop using the product immediately and contact NJR Home Services.

If there is a leak in the vent piping, the recalled boilers can leak carbon monoxide (CO) into the buildings in which they are installed, posing a risk of CO poisoning. Accordingly, please take immediate action to determine if your boiler is part of this recall.

If you think your Weil-McLain boiler is affected by this recall, please call Jim Krauter at **732-919-8032** or e-mail NJRHSServiceAdvisor@NJResources.com.

For more information, please refer to the CPSC recall notice at www.cpsc.gov. You can also contact Weil-McLain toll-free at (866) 783-9276, Monday through Friday between 8 a.m. and 4 p.m. central time, or visit the firm's Web site at www.weil-mclain.com.

Sincerely,

Gerald DeToro

Gerald T. DeToro
President and General Manager
